MEETING: 7:00 PM
FIRST MONDAY OF THE MONTH
Center for the Visual Arts

Sharon Ayres

Sharon Ayres is one of our own members and loves to experiment with different media's & techniques. Her interest in woodturning was inspired through her father Bill Oliver in 2003 and has continued his passion since his demise in 2009.

Tonight, Sharon will be demonstrating how to hollow a golf ball, turning it into a small "Ring Box". In addition she will be showing the chucking method in which is used to hold the golf ball, while hollowing.

A great gift for your favorite golfer, or will sit proudly on your shelf. This is a real "Hole in one", so don't miss it!

You are cordially invited to join us for a weekend of free woodturning demonstrations during this year's Masters at Work: TOYS, TOYS, TOYS for KIDS without TOYS exhibit at the Forest Heritage Center museum in beautiful Beaver's Bend State Park.

During the weekend, museum guests will be captivated by the five Masters who will compete in competitions to produce four different styles of stemmed vessels. The woodturning fun will spill over to the courtyard with four additional lathes turning in mini contests to create spinning tops and cups-and-balls. Visitors will have the opportunity to watch pieces being created from start to finish, and having experienced woodturners in the crowd adds interest and complimentary perspectives.

In addition to helping us introduce the art of woodturning to the public, you can help us reach our goal of telling the tree story by putting wooden toys in the hands of children who don't have toys. The Southeast Oklahoma Woodturners has issued a challenge of "We will make more toys for kids than you will!" Any club who can make more toys than the SOW for this exhibit will receive \$100, so organize your club members and start creating toys for kids.

The 2018 Masters at Work: TOYS, TOYS, TOYS for KIDS without TOYS competition will be September 14 and 15, with an opening reception on September 16. Pieces will be on display through October 21, and gallery hours for this free exhibit are 10:00 a.m. - 4:00 p.m. Wednesday through Saturday and 1:00 p.m. - 4:00 p.m. on Sunday. Doug Zook

Theme "TOYS, TOYS, TOYS for KIDS without TOYS"

Goal: To make as many toys for donation to groups that distribute them to needy children.

Demonstrations: Five turners will turn four different goblet types in four 3-hour rotations. The first will be a decorative goblet and ball set (a bilboquet). The second task will be to turn a thin stem goblet with at least two captive rings. The third will be to turn a chalice. The fourth will be turner's choice, they will supply their own blank for this demonstration and can make more than one item.

Mini contests: Attendees and featured turners are encouraged to compete in the mini contests. There will be four additional lathes set up for the mini contests as well as an assortment of tools. Attendees are encouraged to bring their own tools. On Friday the goal will be to make as many spin tops as possible by as many turners as are available. Materials will be provided to make tops and to decorate them. Contestants will be given a raffle ticket for each completed top. A drawing will be held to award a \$50 and \$25 prize to top makers. The more tops the more tickets. On Saturday the goal will be to make a simple cup and ball (bilboquet). Pre-drilled blanks and string and colored balls will be provided. Participants will be given a ticket for each completed bilboquet. A drawing will be held to award a \$50 and \$25 prizes.

Art Show and Toy Contest: All toys made during the mini contests and demonstrations will be on display during the gallery exhibit. At the end of the exhibit the toys will be returned to the groups or clubs that request their return for distribution to children without toys. Unassigned toys will be distributed to groups and clubs that distribute the toys to children without toys. Toys are to be hand-made or decorated, mostly of wood and may be turned, carved, sawn, and must be finished in nontoxic finish.
