

## Dave Landers Bio

I am a mostly self-taught, hobbyist woodturner. I have been turning wood for over 30 years, although my skill level improved dramatically when I joined the AAW and a local club.

My primary medium is turning functional bowls from reclaimed local wood. I also like making hollow-forms and goblets. But mostly I enjoy experimenting with various techniques and forms.

I have the privilege of being able to work in my shop and studio in beautiful Estes Park, Colorado.
