Dec 2020 ISSUE 12

MEETING: 7:00 PM
FIRST MONDAY OF THE MONTH
Center for the Visual Arts

December Virtual Meeting Jason Clark

AAW
AMERICAN ASSOCIATION
OF WOODTURNERS

I've been heavily involved in Woodturning for nearly 2 decades being primarily self-taught in my modest 2 car garage in my spare time. I'm a demonstrator, teacher, artist, husband, and father. Woodturning is my passion and I'm an ambassador for all aspects of woodturning as well as wood art in general.

Demonstration - Return of Saturn: Saturn bowl with a rotating disk
This demonstration will be focused on turning what I call a Saturn Bowl. The demo will start with a PowerPoint presentation that previews the project and gives some background on the history and evolution of the idea. I will then walk the attendees through the process of turning a simple bowl with a wide thin flat rim and use the ultra-thin parting tool to cut the rim in such a way that is free from the bowl and is able to rotate.
Continued on next page.

THE WOODTURNER

www.goldentrianglewoodturners.org

I will then turn a simple jig so that the wide rim of the bowl can be turned off center in order to create rings that can rotate and are interactive. This appears to be a very challenging piece to turn but the process to be demonstrated actually makes it relatively simple. The demonstration will end with another PowerPoint with additional samples, ideas, and inspiration as well as a very brief sales pitch for a corresponding step by step booklet and PDF that I will make available to club members at a discounted price.

Presidents challenge

Make a wig stand for Cancer patients.

This consists of 3 parts: 1) a 6-8" bowl that is not hollowed out; 2) a 12" spindle; and a base that should also be about 6" in diameter.

Drill a 3/4" mortise in both the bowl and a base and a matching tenon on both ends of the spindle.

Put a poly finish on the project as wax, oil, shellac can cause problems with the wig material.

You can Google "turned wig stands" to get more ideas.

Let's do this for both the November and December meetings. We will make arrangements to pick up your stands and deliver them to a cancer center.
